

Outline and agenda for Meeting 3 - Wed July 8 - 9:30 -15:30
Energy supply

This meeting focuses on the macro issues related to alternative energy carriers, e.g. potential availability of alternative fuels and issues related to infrastructure and supplying the fuel needed. Also the issue of security of energy supply will be discussed. The options for and potential of *using* alternative fuels in vehicles, rather than on the availability, will be covered in focus group meeting 1.

Agenda

9:00 Registration

9:30 Welcome

9:45 Introduction of the project

10:00 Presentation on potential application of biofuels for transport

10.20 Discussion on potential application of biofuels for transport

11:00 Coffee break

11:30 Presentation on potential application of electricity, fuel cells and LPG/CNG for transport

11.50 Discussion on potential application of electricity, fuel cells and LPG/CNG for transport

12:30 Lunch

13:30 Presentation on security of energy supply for transport

14:15 Discussion on security of energy supply for transport

15.00 Discussion on conclusions of the day

15:30 End of the meeting
