

Meeting 4 - Wednesday 23 September - 9:30-17:30

Regulation of vehicles, components and energy carriers

Outline

This technical focus group meeting will focus on regulation that might be introduced to encourage the application of various technical and non-technical options for reducing transport's GHG emissions. It will be based solely on the information contained in Paper 6 *Regulation for vehicles and energy carriers*. This will cover:

- Regulation of road vehicles
- Regulation of components for road transport
- Regulation of energy carriers
- Regulation of the vehicles and components of other modes
- Overarching vehicle/fuel regulations

Each session will consist of a presentation from the project team, followed by a discussion.

Agenda

9:00 Registration

9:30 Welcome

9:45 Introduction to the project

10:00 Regulating light duty road vehicles and their components and general aspects (presentation by Hans Driever, TNO)

11:00 Coffee break

11:15 Regulating heavy duty road vehicles and their components (presentation by Hans Driever, TNO)

12:15 Conclusions on road vehicles

13:00 *Lunch*

14:00 Regulating vehicles and their components from non-road modes (presentation by Huib van Essen, CE Delft)

15:00 Regulation of energy carriers (presentation by Bettina Kampman, CE Delft)

15:45 Tea Break

16:00 Overarching vehicle/fuel regulations (presentation by Huib van Essen, CE Delft)

16:45 Conclusions

17:15 Closing remarks

17:30 End of the meeting
