

Outline and agenda for Meeting 7 - Friday 2 October - 9:30-17:30

Economic instruments and emissions trading

This technical focus group meeting will focus on economic instruments, including emissions trading, that might be introduced to encourage the application of various technical and non-technical options for reducing transport's GHG emissions. It will be based solely on the information contained in Paper 7 *Economic instruments and emission trading*. This will cover, for all modes where relevant:

- Fuel taxes
- Vehicle purchase and circulation taxes (mainly for road transport)
- Infrastructure charges, including distance charging, tolls, port and airport charges
- Subsidies
- Ticket taxes and VAT (for aviation)
- Emissions trading

Each session will consist of a presentation from the project team, followed by a discussion.

Agenda

9:00 Registration

9:30 Welcome

9:45 Introduction to the project

10:00 General overview of principles and impacts of transport pricing in relation to GHG emission reduction (**presentation by Huib van Essen, CE Delft**)

11:00 Coffee break

11:15 Carbon price, carbon tax and emission trading (**presentation by Huib van Essen, CE Delft**)

12:30 *Lunch*

13:30 Road transport (**presentation by Huib van Essen, CE Delft**)

15:00 Tea Break

15:30 Non-road transport modes (**presentation by Dagmar Nelissen, CE Delft**)

16:45 Conclusions

17:15 Closing remarks

17:30 End of the meeting
