

# EU transport GHG emissions: Routes to 2050? 2<sup>nd</sup> Large Stakeholder Event

Date: Tuesday 10 November

Time: 9:00 – 17:00

Location: Borschette conference centre, Brussels

The objectives of this second large stakeholder event of the *EU Transport GHG: Routes to 2050?* project are to:

- Review the findings so far to identify:
  - What we can agree on
  - Where there is less agreement
  - What we still do not know
  - Where are the win-wins?
- Implications of the findings so far for the remainder of the project
- Hear from similar ongoing projects
- Share planned approach to the illustrative scenarios in Part II

Each presentation in Session 1 will consist of a presentation from the project team, followed by a discussion. Session 2 will comprise a number of presentations, which will be followed by questions and discussion.
